## Descriptions

**GEL TOILETS** is a biological toilet cleaner that creates a protective film in the toilet.

Biological cleaners offer a double preventive action against deposition in the toilet, control odor from drain and pipes in urinals, toilets, sinks, bidets and showers, and distributes fresh scent.

**GEL TOILETS** treats adjacent pipes.

## Advantages

- Cleans the wall of WC (toilets, urinals, etc.)
- Prevents the formation of traces
- Control odors from drains and pipes
- Diffuse a fresh scent
- Non-corrosive
- Safe for users and equipment
- Completely natural and biodegradable
- Neutral pH

## Directions for user

- ① **Apply squirts** on the walls of **toilets** or **siphons in sanitary**
  - ② **Leave** (about 15 minutes)
  - ③ **Pull the flush**, or **let the water run** for a few seconds
- ① Apply 1-2 squirts to treat between 1 and 3m straight
