Dilute 5% to 10%

Descriptions

SANISURF is a concentrated cleaning product, your daily health maintenance. It effectively and quickly removes traces of organic waste (urea, fecal and grease). And know about all the surfaces of your bathroom, floors, walls, countertops, baths, showers, chrome and mirrors.

With biological agents, **SANISURF** develop a protective film.

Advantages

- Completely natural and biodegradable
- Unique and safe for the users
- Biological surfactants and nonionic
- Effectively dissolve organic residues
- Concentrated formula diluted in a bucket
- Protects all surfaces
- One multiple product applications
- Replaces many chemical products: glass cleaner, cleaning stainless steel and chrome cleaner, bowl cleaner
- Neutral pH

Directions for user

- ① **Conventional cleaning:** pour 25cl product in 5 liters of water in a bucket. Wash surfaces. Can be used without rinsing.
- ② **Cleaning with spray:** fill the bottle with 900ml water and then add 100ml product. Shake and spray on the tracks. Let stand and wipe.
- ③ **Automatic application:** respect dilution assays on average 5%
 - ① Using a **buffing machine**
 - ② Using a **scrubber**
 - ③ Using a **low pressure engine**
