

Applications

- ☑ Central pipes
- ☑ Evacuation columns
- ☑ Drains, Sewerage

NETCOLONNE L

Biological cleaning liquid for pipes

Packaging

12 x 1 litre
4 x 5 litres
1 x 25 litres
1 x 200 litres
1 x 1000 litres

Characteristics

Aspect: green liquid
pH: 8

Norm: AFNOR NF X 42-040
Directive: 2000/54/CEE

Dosing

Maintenance

Maintenance = 50ml

Dilution	per siphon
50 ml	cleaning

Action choc = 100ml

Dilution	frequency
100 ml	day

Specific treatment

NETCOLONNE L
Dilution 1 :5
200 ml / apartment
In ready-to-use 1L / apartment
+
ACTI P
100 grams in 1 L

Descriptions

NETCOLONNE L is a unique concentrated solution for biological treatment and cleaning of wastewater and sewages, vertical and horizontal pipes.

By the complex of micro-organism as and enzymes, **NETCOLONNE L** deals with the lasting congested pipes, prevents the formation of plugs and eliminates odors.

Advantages

- Unique biotechnology
- Cure and eliminates grease accumulation
- Prevents the formation of plugs
- Ensures smooth flow pipes
- Eliminates odors
- Non-irritating and non-corrosive
- Safe for users and equipment
- Completely biodegradable
- Neutral pH
